■ INTRODUCTION

MSL Enterprises Corp. was founded in 1987, first factory was established at Shenzhen in 1993, with the area of 30,000 m². In 2014, second factory was established in North Vietnam, with the area of 30,000 m² and we have set up the third production site in Vietnam in 2023, with the area of 20,000 m². We specialize in cables and computer accessories and export our products to USA, Europe, Asia, and worldwide.

Our company has a full range of manufacturing capabilities of PVC compound, copper wire, raw cables, optical fiber cables, cable assemblies and fiber assemblies. We could offer product design by customer's requirement (OEM/ODM) and can provide the very competitive price with best lead time for our customer.

Sincerity is always our managing concept. In order to provide the high-quality service to our customers, our mission statement is to continuously enhance our research & development ability, well control the quality of our product and make the production line efficiently, and keep our price competitive in the market.
